INDEX

Abbie, A. A. Some observations on the major subdivisions of the Marsupialia. With especial reference to the position of the Peramelidae and Caenolestidae, 429
Abdominal vagal paraganglia in adult mouse, existence of. By N. Goormaghtigh, 77
— wall, infra-umbilical portion, development, with remarks on the aetiology of ectopia vesicae. By G. M. Wyburn, 201
Abnormalities, abnormal azygos veins. By R. H. Robbins, 146 [no text]
— — origin of right common iliac artery. By G. I. Boyd, 155
— aorta, abnormal bifurcation. Anatomical note. By G. I. Boyd, 417
— heart. By A. Baker and Dr Platt, 137
— rare, of bones, in Anatomy Museum of Grant Medical College, Bombay. Anatomical note. By R. C. Motwani, 131
Adrenal gland of mouse, some abnormalities of. By H. Waring and E. Scott, 299
Anatomical Society of Great Britain and Ireland. Proceedings, November 1935 to June 1936 recorded by R. J. Gladstone. Edited by E. Barclay-Smith, 135
Aneurysm, orbital arteriovenous, vascular path of thrombus to. By M. Shaw, 142
Anomalies, heart of child. By A. Durward and Norah Schuster, 137
Anomalous heart. By G. I. Boyd, 155
— intestinal rotation, two cases. By D. R. Dow, 156
Anthony, R. and de Grzybowski, J. Le néopallium du mouton—étude de son développement et interprétation de ses plissements, 41
Aorta, abnormal bifurcation. Anatomical note. By G. I. Boyd, 417
Appointments, recent, 134, 421, 549
Arteries, branchial arch of vertebrates, nerve supply. By J. D. Boyd, 157
— cardiac, of Asiatic elephant. Anatomical note. By A. J. E. Cave, 124
— right common iliac artery, abnormal origin. By G. I. Boyd, 155
Asher, Leon. Physiologie der Inneren Sekretion, 1936. Review, 420
Azygos veins, abnormal. By R. H. Robbins, 146 [no text]

Bacsich, P. and Gellért. A. Museum specimens prepared by paraffin impregnation, 139
— and Stibbe, E. P. A neuro-histological problem, 152
Baker, Alfreda and Dr Platt. Demonstration of an abnormal heart, 137
Barclay, A. E. The Digestive Tract: A Radiological Study of its Anatomy, Physiology and Pathology. 2nd edition. London. 1936. Review, 551
Barclay-Smith, E. *See* Anatomical Society of Great Britain and Ireland. Proceedings
Basophil cells of hypophysis cerebri, stages in life-history of. By G. G. Lennon, 151
Beattie, J. Afferent fibres of the great splanchnic nerve, 150 [no text]
— Further evidence for the existence of a parasympathetic centre in the hypothalamus, 151
Bentley, F. H. and Miss M. Hill. Repair of divided nerves and fate of nerve grafts, 150
Bladder, ectopia, aetiology. By G. M. Wyburn, 201
Blair, D. M. and Davies, F. Sections of entire heart, 141 [no text]
Bland, J. O. W. and others. Tissue culture of gliomata, 149
Blood cysts in human cardiac valves. By D. R. Dow and W. F. Harper, 117
Bone and tooth development, endogenous and exogenous factors. By H. Grüneberg, 236
Bones, frontal bone, ossification of. By V. T. Inman and J. B. de C. M. Saunders, 383
— rare abnormalities, in Anatomy Museum of Grant Medical College, Bombay. Anatomical note. By R. C. Motwani, 131
Book, M. H. The secreting area of the glomerulus, 91
Books received, 317
Boyd, G. I. Abnormal bifurcation of aorta. Anatomical note, 417
— — origin of the right common iliac artery, 155
— Anomalous heart, 155
Boyd, J. D. Nerve supply to the branchial arch arteries of vertebrates, 157
Brachet, A. Traité d'Embryologie des Vertébrés. Nouvelle Édition par A. Dalcq et P. Gérard. Paris, 1935. Review, 420
Branchial arch arteries of vertebrates, nerve supply. By J. D. Boyd, 157
Brash, J. C. and Jamieson, E. B. *See* Cunningham's Textbook of Anatomy
Brash, Prof. Anatomical problems in the Ruxton case, 153

Caenolestidae and Peramelidae, classification of. By A. A. Abbie, 429
Calcaneum, posterior surface, variation in. By J. F. Philip, 153
Cardiac arteries of Asiatic elephant. Anatomical note. By A. J. E. Cave, 124
— valves, human, blood cysts in. By D. R. Dow and W. F. Harper, 117
Carleton, Alice. Crossed ectopia of the kidney and its possible cause, 292
Cartilage canals of patella, growth of. By R. W. Haines, 471
Casts, endocranial, of Ehringsdorf and *Homo soloensis* skulls. By C. U. A. Kappers, 61
Cat, innervation of periodontal membrane. By W. Lewinsky and D. Stewart, 232
Cave, A. J. E. A further example of cervical intercostal articulation. Anatomical note, 415

Cave, A. J. E. On the cardiac arteries of the Asiatic elephant. Anatomical note, 124
— The innervation and morphology of the cervical intertransverse muscles, 497
— The mammalian odontoid, 143
Cerebral commissures of Mammalia, with special reference to the Monotremata and Marsupialia. By G. E. Smith, 528
— cortex in macaque monkey, projection of medial geniculate body to. By A. E. Walker, 319
— hemispheres of chimpanzee, external configuration of. By A. E. Walker and J. F. Fulton, 105
— — of *Lacerta viridis*, experimental investigation. By F. Goldby, 332
Cervical intercostal articulation, further example of. Anatomical note. By A. J. E. Cave, 415
— intertransverse muscles, innervation and morphology of. By A. J. E. Cave, 497
Cheek-bones in teleostome fishes. By T. S. Westoll, 362
Children, normal facial growth in. By M. Young, 458
Chimpanzee, cerebral hemispheres, external configuration of. By A. E. Walker and J. F. Fulton, 105
Clark, W. E. Le Gros. The termination of ascending tracts in the thalamus of the macaque monkey, 7
— The thalamic connexions of the temporal lobe, 149 [no text]
Classification of joints. By E. P. Stibbe, 145
Cobb, W. Montague. The ossa suprasternalia in whites and American negroes and the form of the superior border of the manubrium sterni, 245
Cooper, D. M. A vermiform appendix in a macaque monkey, 141
Cor biloculare and development of the pulmonary veins. By F. Davies and M. A. MacConaill, 153, 437
Cunningham's Textbook of Anatomy. Edited by J. C. Brash and E. B. Jamieson. 7th edition. London, 1937. Review, 550

Dalcq, A. and Gérard, P. *See* Brachet, A. Traité d'Embryologie des Vertébrés
Davies, F. and MacConaill, M. A. Cor biloculare, with a note on the development of the pulmonary veins, 153, 437
— *See also* Blair, D. M., joint authors
De Beer, G. R. and Prof. Fell. Early development of the skull of Ornithorhynchus, 142
de Grzybowski, J. *See* Anthony, R., joint authors
Diabetes insipidus, experimental. By D. Sheehan, 141
Diaphragm, X-rays of, in various postures of the subject during inspiration and expiration. By R. D. Lockhart, 160
Digastric muscle of *Phalanger orientalis* and *maculatus*. By F. H. Edgeworth, 315
Dow, D. Rutherford. Two cases of anomalous intestinal rotation, 156
— and Harper, W. F. Blood cysts in human cardiac valves, 117
Durward, A. and Dr Nabano. Pancreatic tissue in the wall of a Meckel's diverticulum, 141 [no text]
— and Schuster, Norah. An anomalous heart of a child, 137

Ectopia cordis, case of. By J. Whillis and R. B. Green, 148
— crossed, of kidney and its possible cause. By Alice Carleton, 292
— vesicae, aetiology. By G. M. Wyburn, 201
Edgeworth, F. H. The digastric muscle of *Phalanger orientalis* and *maculatus*, 315
Ehringsdorf and *Homo soloensis* skulls, endocranial casts of. By C. U. A. Kappers, 61
Elephant, Asiatic, cardiac arteries of. Anatomical note. By A. J. E. Cave, 124
Elliot Smith volume of *Journal of Anatomy*, 1
Embryo, human, of twenty-five somites. By C. M. West, 169
Embryology, Institut International d'Embryologie. Sixth meeting, 422
Endocranial casts of Ehringsdorf and *Homo soloensis* skulls. By C. U. A. Kappers, 61
Epidermis, intra-epidermal nerve endings. By H. H. Woollard, 54, 149
Errata, 245

Facial growth, normal, in children. By M. Young, 458
Fell, Prof. *See* De Beer, G. R., joint authors
Fels, Erich. Das Hormon des Corpus Luteum (Biologie, Chemie und Klinik). Leipzig und Wien, 1937. Review, 551
Fishes, teleostome, cheek-bones in. By T. S. Westoll, 362
Fleming, James. A case of proboscis unilateralis, 158
Foetal growth of sheep. By H. A. Harris, 516
Foot, artificially deformed, of Chinese woman. By E. H. Jebens, 150
Foramen of Magendie, nature and mode of origin. By J. T. Wilson, 423
Forebrain, reptilian, olfactory and thalamic connexions. By F. Goldby, 151 [no text]
Franklin, K. J. and McLachlin, A. D. The uterine vein entries in the rabbit, 103
Frontal bone, ossification. By V. T. Inman and J. B. de C. M. Saunders, 383
— — presumed pre- and post-frontal elements. By V. T. Inman and J. B. de C. M. Saunders, 383

Gellért, A. *See* Bacsich, P., joint authors
Geniculate body, medial, projection to cerebral cortex in macaque monkey. By A. E. Walker, 319
Genital tract, female, development of. By M. A. MacConaill, 154
Gérard, P. *See* Brachet, A. Traité d'Embryologie des Vertébrés
Gladstone, R. J. *See* Anatomical Society of Great Britain and Ireland. Proceedings
Glasstone, Miss S. The development of teeth *in vitro*, 137
Gliomata, tissue culture of. By J. O. W. Bland and others, 149
